**“To awaken our potential through learning”**

September 28, 2006

Dear Parent/Guardian:

The Subtropical Environments Course (Bermuda) has a web page:

[www.webeducator.net/Bermuda](http://www.webeducator.net/Bermuda)

As a part of this site, we like to include pictures of the students at work during lab activities, in the field, etc.

In order for us to publish such pictures, the Amity School District requires that a photo release form be signed. Although this web page is for the benefit of our students and their parents, anyone who has access to the Internet will have access to these pictures.

We will not be including students' names with the photos. If you are in any way uncomfortable with this, feel free to check the “No” box. If our intentions are still not clear and you would like to speak with me about them, please do not hesitate to contact me at (203) 393-3102; or you could email me at [brian.goldstein@reg5.k12.ct.us](mailto:brian.goldstein@reg5.k12.ct.us).

Sincerely,

Brian Goldstein
